Event Site:

Celebration Space:

Summer weddings in Florida lend themselves to inside activities. Villa Adriana offers a number of indoor and patio areas for a small ceremony. This includes the massive two-level staircase. There are many shade trees along the lake shore that can accommodate short evening nuptials.

Cocktail hors can be held in the Great Room with over-flow into the covered patio and pool deck areas. Two built-in bars are located in the Great Room and outdoors.

The main reception area can easily fit up to 35 wedding guests in a connected area that includes the formal dining room (feasting table for bridal party), family room and breakfast nook. A performance kitchen is located in the same area for action station cooking by our chefs.

Dancing space can be created in a number of indoor and outdoor spaces.
